Western Regional Leadership Conference

The Western Regional Leadership Conference will be held on October 3-4, 2008, at the Circus-Circus Hotel & Casino, Reno, NV.

The Leadership Conference returns to Reno. We are in the process of scheduling one or two additional regional conferences to be held at other locations in the country. Each of these leadership conferences will enable members of the AHEPA Family to participate and express their views regarding the future of AHEPA. At these gatherings, we will receive the recommendations and comments of our grassroots membership in order to improve the activities, programs and operation of our organization. For our AHEPA Family to reach new heights, our grassroots membership must become involved in all of its activities, events and initiatives. The celebration of our historic accomplishments will only have true meaning if our membership is involved.

The program begins on Friday afternoon (4-6:00 PM), with "Meet the President." This is an opportunity to be in an informal setting, ask the questions you always wanted to ask the President and have a round table discussion with the Supreme President or Grand President. A rare opportunity. Don't miss it.
